

# On the Trail

## This week

Welcome to my new look blog! This week saw the launch of the Head Teacher's Tea Party. The children who received the Values certificates in Stars Assembly this morning were invited to join me in the staff room for juice and biscuits. It was lovely to spend time together talking about our favourite things about Starcross Primary School

## Sport at Starcross

- Everyone really enjoyed cricket again with Niall this week. I could see the children doing their bowling practice out of my new office window.
- Our first swimming sessions of the year went really well and the Oystercatchers and Lapwings enjoyed spending time in our lovely warm pool.

## Exciting News!

We are excited to announce that after half term we will be offering school hot lunches to the children in preschool. The lunches will need to be ordered on the app in the same way as for primary children. We will cook the meals on site and they will be delivered to the preschool. The menu will be changing at half term. Parents can also order a packed lunch if they would prefer to.

## REMINDERS

- Don't forget to go onto Arbor to update the permissions for your child/children
- Sandpipers, Curlews and Oystercatchers have Outdoor Learning on Fridays and need to bring appropriate clothing and wellies
